

FORONE HUIYI

**SHAPES PANELS**

## FACTORY INTRODUCTION

Foshan Huiyi New Material Technology Co., Ltd., with its factory located in Foshan, Guangdong, was founded in 2018. We are committed to creating a brand featured with "quickness" in China's decoration industry. Our BPC boards and Shapes Panels have the advantages of diverse decorative boards and better results.

Currently, we have a workshop of 20,000m<sup>2</sup> with an annual output of 3,000,000m<sup>2</sup>. We have new advanced equipment, including 16 extrusion lines, 13 wrapping machines and one flat laminating machine with a daily output of 30,000m<sup>2</sup>. Our raw materials are made by mixing bamboo powder, resin powder, calcium powder and tubing through blender mixers.

We have a professional R&D team, and a number of products have been awarded the environmental-friendly aldehyde-free certificate, flame retardant certificate, etc. Our factory is the vice president unit of decoration supply chain in Foshan and 3A-level quality credit enterprise unit. We have been awarded "The Most Favored Building Material Brand by Designer", and have obtained the certificates of ISO9001 and SGS.CE.

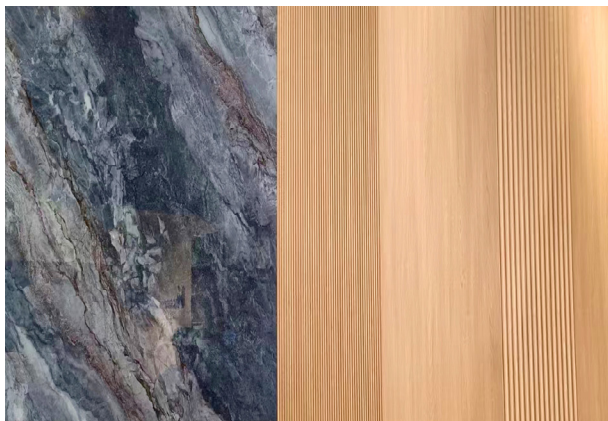

The "FORONE" series provides plentiful of Shapes Panels and quick-install wall board for export. We have more than 30,000m<sup>2</sup> base core inventory and 500,000m<sup>2</sup> decorative film inventory. Lead time for regular size is 7 days and customize size product is 15 days

Better products, Better quality, Better service
