THE WAY OF ZHENG

Our factory Zhejiang Leader Industry&Trade Co., Ltd. was established in 2008. The factory covers an area of 8,000 square meters, with a construction area of 20,000 square meters. Currently, we have more than 20 technical R&D personnel, over 160 advanced machinery and equipment, and more than 100 skilled workers.

At present, we have 1000 clients worldwide, with our products reaching over 80 countries and providing supporting services for 400 well-known brands.

Our factory has ISO9001:2015 quality management system certification, BSCI factory inspection, and most of our products have passed tests such as EN131, EN14183, ANSI, and CE. We focus on technological development, strive to meet customer needs, and provide the most competitive products.

DEAR CUSTOMERS

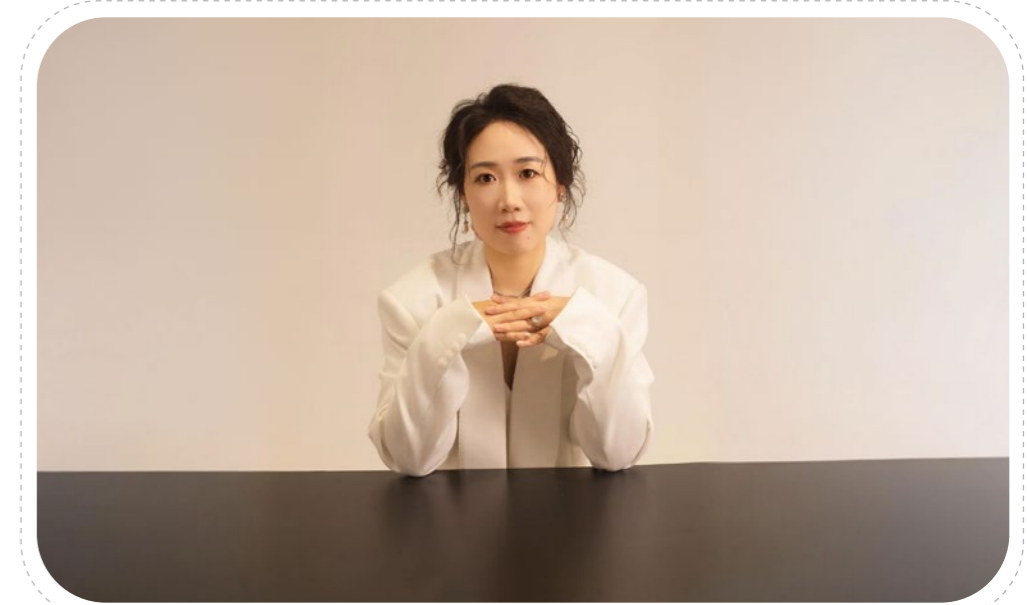

We are ZHENG'S WAY. We have been designing and manufacturing ladders for many years.

It is my pleasure to address you as I introduce our new edition of our annual product catalogue.

At ZHENG'S WAY, we are committed to providing high-quality, safe, and reliable products while also emphasizing innovation and the courage to challenge ourselves. Our team approaches each step with utmost care, from selecting raw materials to production, inspection, and packaging, maintaining a high level of focus and precision throughout.

We firmly believe that this level of care and commitment to quality ensures that every ladder we produce meets and exceeds customer expectations. Not only do we strive to provide high-quality, safe products, but we also continuously innovate, push boundaries, and offer customers more convenience and comfort.

Thank you for your trust and support. With your cooperation, we look forward to a future full of sustained growth, success, and mutual prosperity.

Hi everyone, I'm Niki, the wife of Mr. Zheng, and we own the ladder brand you see today. The story of ZHENG'S WAY is story of dedication, precision and most importantly, love.

You may be thinking the love we share for each other but it really is the love my husband Mr. Zheng has for ladders and more importantly his customers.

If you call Mr. Zheng any day of the year at any time of the day you'll probably find him in our factory hammering away at some new ladder contraction he is about to release. Sometimes I look at those ladders and feel jealous, but I have never met a man more dedicated to his craft more than Mr. Zheng. This love for his craft, ladders shows.

Our clients know that each and everyone of our ladders are built with precision and stamped with the Mr. Zheng stamp of approval.
